

New Jersey's Low & Moderate Income Housing "AFFORDABLE HOUSING"

New Jersey's Affordable Program is designed to ensure that all municipalities provide some housing that is affordable to low and moderate-income families. Affordable Housing is in short supply in Somerset County and each town in this directory operates an independent Affordable housing program.

There are various developments listed in this directory. To find out which developments have vacancies, consult the contact person for the development you are interested in. You can also contact the Central Jersey Housing Resource Center (CJHRC) or visit the website www.cjhrc.org for a monthly "availability" list.

Qualifying for an Affordable Housing Rental Unit

In order to participate in this program, applicants must meet certain income requirements. The current income guidelines are on the following page. These guidelines usually change on an annual basis.

Applicants must also contact the appropriate agency or representative for applications and to inquire about move in dates/availability.

Applicants must have enough income to afford the rental unit (usually 35% or less of their gross annual income). Applicants must provide the three most recent federal and state tax returns, and four most recent pay stubs to determine eligibility. Proof of any other income must also be submitted (i.e., proof of pension, social security, interest, child support).

In addition, applicants must have the first month's rent, along with 1 or 1 ½ month's rent as a security deposit. Applicants must pass a credit check. In some cases, a co-signer is accepted.

(*) Maximum income limit to participate in the Affordable Housing Program

Eligibility for the New Jersey Fair Share Housing (Mt. Laurel) Program is determined by gross annual household income. To qualify for NJ Fair Share Housing, your income must be no more than 80% of median for moderate income or 50% of median for low income. For most NJ Fair Share Housing projects, an income of at least 35% of median is required to meet housing costs.

Income includes, but is not limited to: wages, salaries (including overtime), tips, commissions, alimony, child support, social security, disability, pensions, unemployment compensation, TANF, business income and actual or imputed interest earned from assets (which include bank accounts, CD's, stocks, bonds and other securities), rent and real estate income and any other form reported to IRS.

Please call the Housing Resource Center (908)446-0036 if you have questions about NJ Fair Share Housing or other affordable housing options.

Credit Checks

Most, if not all, apartment complexes check applicant's credit. You should find out each complex's credit policy and any fees which may be involved.

You may want to check your credit bureau reports before you start looking or applying for rental units. Since credit bureau scores are based upon information in your credit bureau reports, you should check your reports from each of the three main credit bureaus in the U.S. to make sure your credit information is accurate. Each may have slightly different information in your file, so be sure to request a copy of your credit report from each. If you've been turned down for credit the issuing credit bureau is required by law to provide you with your report for free. Carefully review the report to verify that all of the information is correct. If you find any mistakes, report them to the bureau immediately. By law, the bureau must respond to your inquiry within 30 days.

You can reach the bureaus at the following phone numbers:

Equifax:	(800) 685-1111
Experian:	(888) 397-3742
Trans Union:	(800) 888-4213

NJ Free Credit Reports

As a result of a recent amendment to the federal Fair Credit Practices Act, consumers nationwide are now able to obtain free copies of their credit histories from the three national credit bureaus (Equifax, Experian and TransUnion), once every 12 months, by making a single request. The ONLY authorized online source for you to get a free credit report under the federal law is www.annualcreditreport.com and to make sure you are going to this site only, check your spelling or go to the site directly through the FTC's (Federal Trade Commission) website.

There are other sites that claim to offer "free" credit reports, but may charge you for another product if you accept a "free" report, so be careful of the sites that look or sound similar.

The address for obtaining your annual credit report by mail (must fill out the Annual Credit Report Request Form) is Annual Credit Report Request Service, PO Box 105281, Atlanta, GA 30348-5281. You can also call 877-322-8228 if you have questions or want to request the form.

Your credit contains information on:

- where you live, whether you own your home, and how often you've moved
- how you pay your bills
- how much credit you have
- what types of credit you have
- whether you've been sued, arrested, or filed for bankruptcy

FREQUENTLY ASKED QUESTIONS - FAQs

What is the State of NJ Very Low, Low & Moderate Income Program?

The NJ Supreme court established a constitutional obligation requiring all 566 municipalities in NJ to create realistic opportunities for the provision of very low, low and moderate income housing. Some towns are currently exempt from building new housing if there is existing housing stock that meets the obligations. A designated municipal liaison or housing officer in the municipality keeps track of the units and who can direct you to the Administrative Agent (AA) who processes the pre-applications/applications, ensures the rules are being followed, handles the random selection, etc.

Does every borough, township or municipality have an affordable housing program?

No. Some boroughs, townships or municipalities are exempt. However, every ten years the plans are reviewed and sometimes a municipality that was exempt the first 20 years of a program may now need to build units and vice versa.

Does every borough, township, or municipality have to offer every kind of affordable housing: group home, rental, for sale, etc.?

No. Some boroughs, townships or municipalities may only offer units for sale, some only to rent, some may meet the need by offering only age restricted units. On the other hand, several boroughs, townships or municipalities do offer many types of affordable housing options and some offer all types.

How can I apply to a new complex under construction that will include affordable housing units?

Often the Administrative Agent only finds out about new units 6 months prior to occupancy because affordable units are only required to be marketed/offered to the public four months (120 days) prior to occupancy. Interested applicant(s) can reach out to the township's planning department or administrator for more details. Keep in mind, it can take years from the time a project is approved/planned before they even break ground or will be offering units. Sometimes planned units are never even built as unexpected situations may impact the project.

How can I find applications or opportunities for the State of NJ Very Low, Low & Moderate Income Program?

Finding how to apply can sometimes be confusing and slightly difficult. THERE IS NOT ONE APPLICATION PER TOWN, COUNTY OR STATE. Each property that offers low/moderate income units can have a separate application or pre-application. At times, several properties in the same town can have different Administrative Agents and an applicant(s) will need to complete numerous applications or pre-applications from different entities.

HUD Housing Counselors may also be able to help you or direct you to housing options in the program. CJHRC can provide information on how to apply to Somerset or Hunterdon County properties by contacting one of our counselors at 908-446-0036 or by emailing us at 2cjhrc@gmail.com; our website is www.cjhrc.org.

Where can I find resources to locate affordable housing in New Jersey?

- **The Housing Affordability Service (HAS)** is a State agency that contracts with NJ municipalities to administer the sale and re-sale of affordable units. HAS can be reached at (609) 278-7579 or (609) 278-8841.
- **New Jersey's Housing Resource Center** is an online searchable listing service for all types of affordable housing in New Jersey. Landlords, developers, and administrators can post available units and contact information (the website contains affordable and market rate housing). Visit njhrc.gov; if you do not have access to the internet, call 211 for assistance.

FREQUENTLY ASKED QUESTIONS - FAQs

I want to apply to a specific complex but nothing is currently available. Can I be contacted when something becomes available?

No. Unfortunately, there is a huge demand for units and the Administrative Agents cannot be responsible to ensure they remember to reach out to anyone that expressed an interest. In order to have a fair system, each applicant or pre-applicant needs to be treated the same.

What is the different between a pre- application and a full application?

➤ **What is a pre-application?**

Requires applicant(s) in the household who plan to live in the affordable unit, complete an online or hard copy pre-application and self declares information. The applicant(s) does not have to return any or, sometimes minimal documentation is required. This ONLY places the household in a category based on what was provided on the pre-application. The household is NOT certified. Once a unit is available, the household will be contacted and will need to submit a full application with required documentation in order to be certified.

➤ **What is a full application?**

Requires all sections of the application be completed, signed, dated and returned with all required documentation in order to be certified. The Administrative Agent (AA) responsible for that property reviews the information for completeness and places the household in the appropriate category (categories). If all documentation is submitted, the AA will certify the applicant(s); certification is good for 6 months.

How long does it take for a pre-application or full application to be processed once I submit it to the Administrative Agent?

The Administrative Agent (AA) hired to handle a specific property will contact the household and advise them of their status within 6 weeks. Some AA's respond much quicker and others may go past the date. It is suggested applicant(s) keep track of all complexes you applied to, keep track of what type of application you completed (pre or full), date of submission and how you submitted (online/email/in person/by mail). When you follow up with the AA, all the information is in an organized manner. If you have not received a response from the AA, we advise following up with the AA by email and requesting the AA respond that way.

How long is a certification valid for and can it be renewed?

The Administrative Agent shall prepare a standard form of certification and shall sign and date one for each household when certified. An initial certification shall be valid for no more than 180 days unless a valid contract for sale or lease has been executed within that time period. In this event, certifications shall be valid until such time as the contract for sale or lease is ruled invalid and no occupancy has occurred. Certifications may be renewed in writing at the request of a certified household for an additional period of 180 days at the discretion of the Administrative Agent.

What is a random selection?

Whenever there are more certified households than available affordable units, a "Random selection process" (lottery) is required in this program. No preference is given to one applicant over another except for purposes of matching household income and size with an appropriately priced and sized affordable unit (e.g., by lottery). Each Administrative Agent must have an administrative manual that outlines the random selection process and how it will be done.
